

Makeup Contest Rules and Instructions

Show us your make up skills. This competition allows you to express yourself through makeup in three categories:

- 1) Selfie: do your own makeup
- 2) Make-Over: show us what you can do with someone else's face
- 3) Theatrical/Costume: let your inner artist take over and wow us

For each category: (you can submit 1, 2 or to all 3 if you chose!)

Before and After Photos

Take a Before and After picture (front and both sides). The photos should be the same distance and lighting in both sets of pictures.

Create a video (less than 2 min) talking about the choices you made or techniques you used. Tell us a little something about the process. Include the before and after pics in the video. ***You can get help on the video- but only you can have done the makeup!***

Free versions of apps for creating videos (and adding pictures); Typito, Canva, Vimeo, and iMovie

Upload in DropBox and include your name and the category in the file name!
