## Letter from the Director

Spring is almost here, and with it comes the energy, optimism, and excitement that make this such a special time of year at Newburyport Recreation & Youth Services. As the days grow longer and our community heads outdoors, we are thrilled to share a Spring and Summer season filled with opportunities for young people and families to connect, explore, and have fun.

Youth programs remain at the heart of everything we do. This season, you'll find all of your favorite programs—designed to build skills, confidence, friendships, and joy—alongside some exciting new offerings we can't wait to introduce. From enrichment and recreation to leadership, creativity, and play, our team is committed to creating welcoming, inclusive experiences where every child and teen can belong and thrive.

Summer is also a time to come together as a community, and we are especially excited to invite you to join us for our Summer Family Movies and Entertainment Series. These evenings are all about connection—laughing together, relaxing under the stars, and making simple memories that last. Bring a blanket, bring a friend, and come enjoy some classic favorites and new surprises with us.

While we are soaking up all the fun of spring and summer, we are also looking ahead with great anticipation. Planning is already underway for fall programs—and most exciting of all, for the opening of the new Newburyport Recreation and Youth Center. This long-awaited space will expand what's possible for our community and create new opportunities for youth, families, and neighbors to gather, grow, and belong. We can't wait to share more as this next chapter unfolds.

Thank you for being part of our Recreation & Youth Services community. We hope this guide inspires you to try something new, reconnect with a favorite program, and join us for a season full of activity, creativity, and connection.

We'll see you out there this spring and summer!  
Cheers,

Andi Egmont  
Director of Youth and Recreation Services

[cityofnewburyport.com/rec](https://cityofnewburyport.com/rec)**

**REGISTRATION POLICIES & PROCEDURES:**

- Register on-line at <https://newburyportma.myrec.com> or at the office located at City Hall.
- In person registration can be paid for with a check (written to Newburyport Recreation) or cash.
- Returned checks will be charged a fee per City of Newburyport policy.
- Recreation and Youth Services reserves the right to correct or modify program information due to errors, omissions, or changes. Errors can happen in printing so please check our website for the most current information/corrections/changes before registration.
- Fees listed in the brochure are for City of Newburyport Residents and Non-residents. Resident fees are noted as "R".
- Non-resident fees are noted as "NR". Non-residents pay an additional 10% of the program cost (minimum is \$10). This rate may be waived in an effort to increase registration or on one day programs/ events. The department reserves the right to give priority to residents.
- Program deadlines are usually set for 2 weeks prior to the program start. After this date there may be a \$15 late fee applied.
- Late Registrations: Programs will generally not be prorated if registering within the first 2 weeks of the program start date.
- Most Newburyport Rec programs are self-sustaining through user fees, for more information on pricing, see our cost recovery policy on our website.
- Age requirements: Children must be the required age or grade by the start date of the program.
- All participants are required at registration to complete emergency information. This includes medical and behavioral information as well as emergency contacts and a liability waiver. \*See Therapeutic Rec Policies for information about special needs.
- Liability: Participants agree to forever release the City of Newburyport from any and all claims from participation in the City's voluntary programs. A complete liability statement is on file at Newburyport Rec.
- Photo Permission: Participants in sponsored activities permit to the taking of photos and videos of themselves and their children for publication both digital and print, as the City deems necessary.

**RECREATION POLICIES**

**Financial Assistance:** We would like to make these programs accessible to all of our city's residents. Please contact us if you need financial assistance. Payment plans and scholarships are available.

**Behavior standards:** The following standards are set to ensure that all participants can have an enjoyable time while participating in the programs and activities listed in this book.

It is unacceptable behavior to use profanity or other inappropriate language; to be disrespectful to program staff and other participants, or show non-compliant behavior; to cause intentional damage or defacing of property; to cause continuous disruptive behavior to classes or programs; or to exhibit any aggressive act (hitting, kicking, biting, etc.) which is initiated or in retaliation. Temporary removal or permanent suspension from the program and/or facilities may result if behavior standards are not maintained.

**Special Needs:** We are committed to ensuring that our programs are inclusive and accessible to all. We offer a Therapeutic Rec Membership to any individuals with special needs or accommodations. The membership provides us with an opportunity to learn more about what you or your family need in order to enjoy our programs. Please complete the free membership on [newburyportma.myrec.com](https://newburyportma.myrec.com).

**Confirmation:** Your registration receipt is your confirmation. You will receive a program reminder or "Know Before you Go" email two weeks prior to the start of the program. Department staff may contact you two weeks prior to let you know if the program has not met its minimum or is being cancelled.

**Confidentiality:** You and your family's forms are confidential and are shared only with program staff. Class rosters are not confidential, often families would like to know if their child will have any friends in the program, for this purpose we do share rosters. When you provide your email to us for registration, it is automatically added to our email mailing list. It is not given out to any other organization.

**If you need a payment plan or scholarship (full or partial), please contact Trish Boateng, Support Coordinator before March 11th. She will provide you with a promo code that will allow you to register without payment and not miss a spot.**

**PROGRAM CANCELLATION POLICY**

**Withdrawals:** Participants withdrawing are asked to give notice at least two weeks prior to program start date. A participant who withdraws at least two weeks prior to the class start date will be given a refund, minus a \$10.00 administration fee. You can transfer to another program for no charge.

**Refunds:** In the event Newburyport Rec cancels a program, a complete refund will be made.

Location of classes and/or fields is subject to change. This is out of the hands of the City and there will be no refunds for class location changes. Refunds are not given for weather cancellation of less than 25% of the program time and only then if make-ups cannot be offered. Refunds are not given for special events involving ticket purchase or if the department has incurred an expense on your behalf. There are no refunds for missed classes.

**Cancellations after the session starts:**

If you are unhappy with a program after the first session, please contact us right away to discuss withdrawing and receiving a refund.

A prorated percent of the class fee plus a \$10.00 cancellation fee and any direct program material costs will be refunded unless the program is cancelled by the Recreation Department or a physician's excuse is presented. No refunds will be issued after the 3rd week of the session or halfway through the class, whichever comes first.

Refunds can be credited to your Household account, back to the original credit card, or a check will be issued. Refund checks will be issued approximately within thirty days after notification of cancellation.

**Weather Related Cancellations:** Programs do not run if Newburyport Public Schools are cancelled. Summer programs may be cancelled due to inclement weather or extreme heat. The City reserves the right to cancel due to dangerous weather. Cancellations are sent via email through the myrec registration program. If possible, make-ups will be offered.

**Enrollment Cancellations:** Recreation and Youth Services reserves the right to cancel any program due to under-enrollment or unforeseen circumstances.

## HELP US OPEN DOORS TO ALL

A new Recreation and Youth Center is coming to Newburyport—a place where young people can feel safe, supported, and inspired; where families gather; and where our community grows stronger together.

The Port Youth & Rec Foundation's Capital Campaign invites you to be part of this once-in-a-generation investment in Newburyport's future. Your generosity will help bring this vibrant public space to life—supporting welcoming gathering areas, youth-centered programming, and the special touches that turn a building into a true community home.

Acknowledging the generosity of our supporters is paramount. Donors will be celebrated on our permanent Donor Appreciation Wall, prominently placed at the Recreation & Youth Center entrance. This wall serves as a tribute to the individuals, families, and businesses whose collective effort makes this vision a reality. Every gift, at every level, helps create a place where Newburyport's youth can thrive today and for generations to come.

## What is Make It OK

Make It OK is a community campaign to reduce stigma by increasing understanding and creating caring conversations about mental illnesses.

It's OK to have a mental illness. Many of us do. Nearly 1 in 5 Americans live with a mental illness.

City of Newburyport

Want to volunteer? Email us at [resources@newburyportma.gov](mailto:resources@newburyportma.gov)

## What is Stigma?

Stigma is a negative perception of a person because of their condition. People may delay seeking treatment or support because of stigma. The sooner people get treatment, the greater their chances of recovery.

## MENTAL ILLNESSES ARE COMMON

Mental illnesses are common (1 in 5) and treatable health conditions. In fact, they are more common than people with diabetes (1 in 10), and yet how we talk about these two conditions are very different. That's because of stigma. Mental illnesses can affect anyone, regardless of age, gender, race, religion or income.

Common mental illnesses include:

- Anxiety Disorders
- Depression
- Eating Disorders
- Attention Deficit/Hyperactivity Disorder
- Bipolar Disorder

## It's time to START TALKING

We can end stigma by stopping the silence and having caring conversations about mental illnesses. Try these simple tips for talking with someone about mental illnesses:

- LISTEN
- BE KIND
- OFFER SUPPORT
- KEEP IN CONTACT

Thanks for opening up to me.

## NBPT REC SUMMER LET GROW CHALLENGE

This summer we challenge you to try something new by yourself each week!

We will have a special challenge sheet for you to complete. If you are at a NBPT Rec program, we will do raffles on Fridays for anyone who did a **Let Grow Challenge** and at the end of the summer- ANYONE who did at least 8 things will get a coupon for a FREE Hodgies Cup Ice cream!

## ADULT/ CAREGIVER PLEDGE

- We all know that kids need some unstructured free time, play time, and a chance to figure things out on their own, because that's how they develop life skills, deep interests and resilience.
- We also know that it's really hard not to jump in to make things easier for them, or give them our great advice, or just take over. (But we get it: When we do that, we're actually denying our kids some powerful learning experiences.)
- As caregivers, we make a commitment to step back! We will allow some frustration and imperfection! We will let the kids be bored long enough to find something to do. We will supply some Band-Aids and try not to freak out!

THIS NEW ATTITUDE will take some pressure off the kids (and us!) and let us see just how much they're capable of. Take The Let Grow Parent Pledge to **STEP BACK SO OUR KIDS STEP UP!**

## KID PLEDGE

This coming summer I will, of course, grow older. I would like some more independence, and I know that also means I have to show how responsible I am.

That day by day:

- I will start to do more things on my own, by choosing one new thing a week to try after getting my parents' permission.
- I will not deliberately do anything bad, like hurt someone. And I will not go someplace I'm not allowed.
- I will basically be a good kid, just with some more independence, responsibility, and excitement.

## Safe Sitter Essentials Babysitter Certification

Designed for young people in grades 6-8 to be safe when they're home alone, watching younger siblings, or babysitting. Students learn life-saving skills such as how to rescue someone who is choking, and helpful information like what to do in severe weather. The lessons are filled with fun activities and role playing exercises. Students even get to use CPR manikins to practice choking and rescue CPR!

Activity	Grades	Day	Date	Time	Instructor/Coach	Location	Fees
Safe Sitter-Summer	6 - 8	TuW	07/21/2025 - 07/22/2025	10:00 AM - 01:00 PM		TBD	\$145.00 Res, \$160.00 Non-Res

## Paws n Claws 911: Pet CPR & First Aid Class

This class is designed for anyone with an interest in "pawtecting" the safety and wellness of animals. Training is geared towards Pet Parents, Pet Care Professionals (Groomer, Sitter/Walker, Kennel Staff, Vet Tech) and Animal Rescue Volunteers (NO prior training/experience required). Taught by a 35 year seasoned pre-hospital emergency medical care provider and educator, this highly interactive training (no slides or video) features an emphasis on HANDS-ON skills practice to ensure proficiency in the life saving skills taught. Hands-On Skills will include Practice Emergency Muzzling & Restraint, Vital Signs Assessment CPR (Canine & Feline), Choking Management (Conscious & Unconscious) and Bleeding Control/Shock Management. There will also be a lecture on Medical Emergencies (Seizures, Poisoning, "Bloat"), Environmental Emergencies and Pet Safety & Wellness. To Register: <https://www.pawsnclaws911.com/register-online>

When: Saturday March 7th
Time: 10:00am-12:30pm
Where: Newburyport City Hall Auditorium
Ages: 18+

## Wilderness First Aid

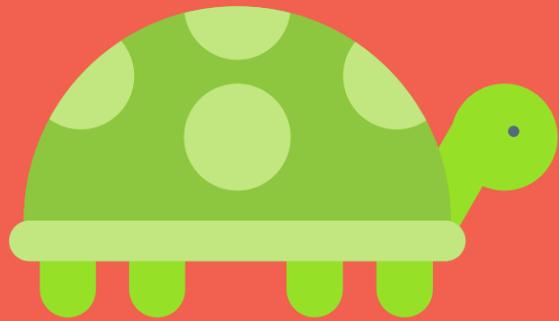

With Owl Eyes Wilderness School, we'll learn the fundamentals of wilderness survival. We will use natural and modern tools to learn about how we can interact with the landscape. Keep warm, fed, and hydrated when you are lost in the woods with these skills. Skills practiced will be knife skills, shelter building, fire building, and knots

Activity	Ages	Day	Date	Time	Instructor/Coach	Location	Fees

# AGES 4-6 SUMMER PROGRAM

Little Aces is a great first step into NRYS programs for new families, and a favorite of some of our summer regulars. Designed as an early education program, a week in Little Aces is filled with elements your child will love. The day is set up to create a predictable routine filled with circle time, outdoor play, art/ theme activities, games, snack time and free play. Little Aces runs indoors and out. Each week the books, activities and games are based on the theme.

May, June, Oct. - 9:30am-12:45pm

July-Sept. - 8:45am-NOON

LEVELED PLAY COORDINATED BY

- **BLUE** - no experience and needs lessons
- **GREEN** - novice players and those who play at a slower pace. Know the basic rules. May be less mobile around the court.
- **YELLOW** - the majority of recreational players. Enjoy the game, but do not study it. Move well around the court. Shots can still be a little erratic. Serve is under control. May miss fast balls at the NVZ as reaction time needs to improve. Working to reduce unforced errors.
- **ORANGE** - more serious recreational players who study the game. Faster pace with speedy reactions at the NVZ. Increased attention to positioning with partner. Anticipate opponents' position on the court in preparation to return shots. Can play the fast and slow game although resetting/drop shots need work.
- **RED** - the best recreational players who study the game, practice, and perfect the accuracy and range of shots. Great anticipation and positioning. Use spin strategically and not indiscriminately. Can play the fast and slow game, drop shots are under control.

Mental Health Awareness Month is a time to shine a light on mental health and well-being. This month, we aim to increase understanding, break down stigmas, and provide valuable resources for those affected by mental health challenges.

## Mental Health First Aid Training: Helping Youth Ages 12 - 17

**MAY 7, 2026**

**9:30 AM - 2:30 PM**

**NBPT PUBLIC LIBRARY**

Sponsored By:

- This training is designed for adults who work or interact with youth
- You will learn how to effectively identify a mental health crisis and how to communicate with youth about their mental health.
- Must be 18+ to attend

Keep an eye out for registration information this Spring!

## Clipper All Sports

The All Sports Clinic will introduce activities to youth who enjoy a variety of sports and recreational games. Youth are taught skills and given the opportunity to compete in a variety of sports such as soccer, basketball, flag football and more while also enjoying some recreational games such as dodgeball, capture the flag, matball and more plus use of the playground during break time. The day will begin with active dynamic stretching and plyometrics to focus on balance and coordination. Coach Valli makes sure the children's days are high paced and non stop fun for every child! Coach Valli puts an emphasis on sportsmanship, playing with character and having fun!

## Parkour

Movement classes that are designed to jump start your child's day with a healthy dose of movement, exploration, and fun! Skills sessions are a great way to learn the basics, build on techniques, or master certain movements in a small-group instruction context. This class is for youth of all ability and fitness levels, and will include instruction in the basic movements and techniques of parkour, as well as exercises designed to improve general fitness and ensure the long-term practice of parkour. Classes will focus on exploring and moving within one's environment and will include a number of games, exercises, and drills to improve balance, coordination, strength, spatial awareness, and flexibility, while having fun. All classes are taught by ADAPT certified coaches.

## Robothink STEM Programs

RoboThink is the global leader in STEM education for children. Everyday, RoboThink is positively impacting the lives of children in 23 countries around the world through our exciting STEM learning programs.

### Amusement Park Tycoon (Vacation Program)

Ladies and gentlemen, welcome to the spectacular RoboThink Land! Your child has been appointed as the newest rollercoaster engineer, with the crucial task of building an amusement park that will leave everyone in awe. Using the magic of motors, axles, gears, and more, they'll embark on an incredible journey to create a world of adventure and thrills. From the dazzling Ferris Wheel to the adrenaline-pumping rollercoaster, the possibilities are endless! No prior experience required— just bring your passion for fun and get ready to create unforgettable memories!

### Engineer Race Cars (Vacation Program)

Ladies and gentlemen, start your engines! RoboThink invites your student to an electrifying camp that combines the thrill of building with the exhilaration of racing. From crafting sleek race cars to burning rubber on the track, this camp offers an action-packed experience like no other. But wait, there's more! Your student will also get a crash course in the inner workings of cars, exploring the intricate world of transmissions, pistons, and differentials. So, fasten your seat belts and get ready to unleash your inner race car engineer! No prior experience required— just a love for the fast lane!

## CHILDREN'S ART

### KidCreate Art Programs

Kidcreate Studio's curriculum is designed to meet the unique developmental needs of each age group. Our energetic toddler classes keep little ones moving and engaged, preschool classes nurture independence and confidence, and school-age classes spark imagination and creativity.

### Spring Programs

SNIFFABLE SNACKS ART (Spring After School)

Dive into a sensory adventure at Sniffable Snacks art class! Kids will create amazing projects like a bomb pop that smells fruity and fun, popcorn that smells fresh from the movie theater, and so many more Sniffable Snacks! Every masterpiece looks and smells like the real deal—blending creativity and fun with a whiff of magic!

CREATE ACADEMY (April Vacation)

Kids will roll up their sleeves to sculpt their very own clay paintbrush, swirl colors into a rainbow made of oil pastels, watercolor, and yarn, dive into the magic of printmaking, and discover even more artsy surprises. Every class is packed with hands-on fun, colorful messes, and endless imagination—because during Create Academy, creativity is the adventure!

T Swift Era (April Vacation)

Experience the magic of Taylor Swift and her iconic Era tour at our legendary art camp! Immerse yourself in creativity inspired by her music and style. From drawing to painting to sculpting, embark on an unforgettable artistic journey. Unleash your inner artist in this special tribute to Taylor Swift's enduring legacy.

### Summer Programs

Game On!

In this class, we'll draw, sculpt, paint, and more as we create projects inspired by some of our favorite video games including Among Us, Sonic the Hedgehog and more!

Drawing Made Easy!

Have you ever wished drawing was easy? In this class, it couldn't be easier! For each drawing project, students will learn simple step-by-step methods to draw.

Slime Week!

We get super gooey in this slime class. We'll craft unique jars to contain our taffy slime, cloud slime, butter slime, foam slime and more! We'll also enjoy some drawing and painting to round out the day.

## Musical Theater Intensive: Disney's The Little Mermaid, JR.

Get ready for a fast-paced, high-energy week of serious training and serious fun!

Our Musical Theater Intensive is designed for young performers who want to work hard, grow quickly, and be part of something exciting. In just five days, actors will rehearse and perform Disney's The Little Mermaid, JR., building confidence, discipline, and stage skills in a focused, supportive environment.

All experience levels are welcome. Whether this is your first show or your fifteenth, every performer will be challenged at their level and supported every step of the way.

Throughout the week, students will receive hands-on training in acting, vocal performance, and movement while working toward a fully staged production. It's an immersive, collaborative experience that pushes performers to rise to the occasion, and have an absolute blast doing it!

Interested in the behind-the-scenes side of theater?

We will also accept up to three Stage Managers (rising 6th–8th graders only) who are eager to learn the craft of stage management and be an essential part of the production process. Stage Managers will work closely with the directing team, assist with organization and rehearsal flow, and help bring the show to life from offstage. \*Please sign up for this separately, do not sign up for both, we're only able to take 3 Stage Managers\*

Join us for an unforgettable week under the sea!

EARLY REGISTRATION PRICE:

\$400 for residents and \$445 for non residents (register by June 26)

\*Must go to the Apply Promo Code button at checkout and type in Mermaid26 for the Early Registration discount to be applied

Regular price: \$450 Residents and \$495 for Non Residents

Auditions: Sunday, July 26 from 4:00pm – 7:00pm (location TBD).

Actors who cannot attend may submit a self-tape. Audition materials will be emailed at least two weeks in advance so everyone has time to prepare. Every registered actor will be cast in the production.

Final Performance: Friday, July 31 @ 4:00pm. Free admission.

Instructors: Stephanie Phillips (NHS Theater & Dance Director), Risa Annicchiarico (Molin/Nock/NHS Music/Choral Director), & Brittany Shapiro (Acting Coach/Producer)

## NCM Hub

### Let's make movies!

In this two-week workshop, participants will work together in storyboarding, scripting, directing, acting and camera work to create a variety of short movie projects. These are participant-made projects mentored throughout the program with tailored instructions based on their skill level. New and returning movie makers of all skill levels are welcome! This workshop will encourage creativity, experimentation, and collaboration. We work on projects in the studio and in the field. The PortMedia Studio is located at NCM Hub, 331 High Street, Suite #2 in the Newburyport Senior/Community Center. The studio entrance is the door to the far right of the main entrance.

On the final Friday, we will gather with friends and family to watch our finished movie projects. No prior experience is required. All levels of skill are welcome.

All skill levels welcome. New and returning participants welcome!

## Summer Showmakers

Summer Showmakers is a hands-on summer program where students get to create, produce, and perform their own live TV show. Over the course of the week, participants work in teams to brainstorm show ideas, write scripts, film pre-recorded segments, and learn how to use professional studio equipment. By Thursday, all the content comes together in the studio for rehearsals, and on Friday, students run a live show, taking on roles like anchor, camera operator, director, and audio technician.

This program gives students a fun, collaborative, and creative introduction to video production and broadcasting, while building confidence, teamwork, and technical skills in a real studio environment.

This program is led by Bradley Groleau who has vast experience in youth summer programming and is the Video Production and Communications Teacher at Newburyport High School.

### Sportszone 101 Programs

Since Sportszone 101 began in 2009, we have had one goal at Active Education Inc: to positively impact the lives of students using the power of sports. We know that each program we coach gives us the chance to impart the lessons we've learned, whether as athletes, students, or simply humans, to the next generation. We take that opportunity very seriously. And while we appreciate technically skilled athletes, our program is designed to stretch far beyond the confines of athletics.

Above all, we value Sportsmanship, Integrity, and Coachability in our students.

Though athletics are the primary foundation for the programs we offer, we know the unrivaled importance of formal, in-class learning that the children receive during the day. As such, we tailor all of our programs to reinforce any in-class learning material that we can. In nearly every program, we are able to teach elements of mathematics, geography, biology, kinesiology, and more...

### Street Hockey Skills and Drills Showdown (Spring)

While many of our programs are focused primarily on play, this program dives a little deeper into the intricacies of one of the fastest games out there. Participants will have a chance to learn the fundamentals of hockey, like stick handling, passing, spacing, communication, and rotation, and take part in a variety of mini-games. While the goal of this program is to learn a little more about the ins and outs of Hockey, you can be sure that plenty of fun will be had by all!

### Nerf Battlegrounds

Come join the Sports Zone Lieutenants as we test our individual and team effectiveness in battle! This awesome program puts a fresh spin on traditional games like capture the flag, while also allowing children to get great exercise, learn some strategic planning skills, and make new friends. Each week will feature different games with individual and team-based challenges, so the students always have something new to strive for. We will also have all sorts of obstacles for the students to interact with, so they never know what to expect!

### Horsemanship/ Equestrian

#### High Tail Acres Horsemanship

What a great opportunity for the youth to experience the workings of a stable with hands on activities and to also experience 2 riding lessons, group activities and horse themed projects.

The school day off program offered at High Tail Acres, LLC is open to all ability levels, therefore giving the opportunity to the intermediate rider to improve upon their skills and the beginner rider to develop the necessary foundation of basic skills.

The counselors at High Tail have all participated in the horsemanship programs at High Tail and are eager to share their own experiences through interaction with the youth. The instructors are MA licensed, with years of teaching experience.

## Girls, Inc. of the Seacoast Area

Girls Inc. summer programming offers intentional, theme-based experiences that guide girls to empower themselves, explore the world around them and dream boldly about their futures. Through hands-on learning, creativity and connection, Girls Inc. fosters a strong sense of sisterhood where girls are encouraged to be their authentic selves, laugh freely, get messy and grow with confidence.

Week 1: Empower - Girls focus on building connection and trust as they get to know one another, creating a strong sense of sisterhood where everyone feels welcomed, supported and comfortable being themselves.

Week 2: Explore - Girls engage in hands-on-science experiences through museum visits, archeology and gardening, encourage curiosity, discovery and deeper connection to the world around them.

Week 3: Dream - Girls are encouraged to dream big by exploring future goals, practicing assertiveness and using creativity to showcase their dreams through art, storytelling or personal talents in ways that uplift their ideas and confidence.

Boys True North - Boys' summer programming creates a space for connection and brotherhood through outdoor activities and shared experiences that build confidence, teamwork and positive relationships.

## Garden Club at the Bres

Our Instructor/Bresnahan Teacher Katara Harding, has recently started the Bresnahan Community Learning Gardens in the back of the school building and they have been thriving all summer long! She's very passionate about this project and looks forward to getting kids involved in these gardens and this program is a great way to do so! Katara and the kids will focus on learning about gardening, how to properly water, weed, plant, harvest, etc. This will be an outdoor program with the option to move indoors to her classroom if the weather is inclement.

# THERAPEUTIC REC

## Therapeutic Rec Programs

### Sensory Friendly Movie

We are so excited to offer more sensory friendly movies in collaboration with Vision Max in Salisbury and the ARC of Greater Haverhill and Newburyport! This is a great opportunity for individuals with sensory needs to enjoy the movies in a safe and accepting environment. Lights will stay on or only be slightly dimmed and the sound will be at a lower volume. We hope to see you there!

Sign up for our therapeutic rec membership to receive discounts on programming, and information on local events and resources.

## Seacoast Technology (lego robotics, engineering, scratch coding and video game design!)

Seacoast Technology (lego robotics, engineering, scratch coding and video game design!)

NBPT Rec has been partnering with Seacoast Technology Workshops for many years. For nearly 15 years, Seacoast Technology Workshops has been providing hands-on LEGO Robotics & Engineering and video-game design workshops all over Boston's North Shore and New Hampshire's Seacoast.

- **Video Game Programmer** Stop playing video games and start creating them! In this introductory class participants will learn how to program and create their very own video games.
- **Lego Robotics Build and Code** Participants will work with LEGO WeDo and LEGO Mindstorms to explore and produce a variety of working models.
- **Lego Robotics and Engineering** Using the latest LEGO robotics technology we will learn about gears, circuits, and computer programming as we design, build, and program a variety of different robotics and engineering projects.
- **Lego Robotics Master** After building with specialized LEGO bricks including motors and sensors, participants will program with the kid-friendly LEGO WeDo 2.0 software to bring their creations to life!
- **Minecraft Coder** Using exclusive content only available in Minecraft Education, participants will explore the fundamentals of coding within the Minecraft universe!

### Buildwave

Want to foster your child's interest in STEM, while igniting their creative spark at the same time? Buildwave is a creative building program that feels like a video game! Over the course of the sessions students create with over 50 different building materials, including Lego®, PlusPlus®, and custom-made Buildwave materials.

Each session of the program is a new "level" of the Buildwave game, with an audiovisual setup featuring animations and music that guide students through the different building waves. As your child creates with wave after wave of new objects, they build creative confidence, become better collaborators, and encounter design and engineering fundamentals in a unique and memorable context.

is a youth-centered membership program that provides families with children and teens access to enriching programs, activities, trips, and events designed to support learning, build confidence, and strengthen community connections.

Through prevention programming, academic support, mentoring, and hands-on experiences, SPARK Enrichment helps young people and their families develop skills, resilience, and a strong sense of belonging within the community.

Family Activities

A youth worker is a trusted mentor and community connector who helps young people build the skills, confidence, and relationships they need to thrive. Guided by relationship-based practice, the Positive Youth Development approach, and the Hope Framework, we help youth gain the assets they need to build healthy, fulfilling futures.

## Newburyport Aikido

During Aikido classes, children practice the art of receiving techniques: rolling, falling, "feeling the body." Students also learn the art of performing Aikido techniques on partners. We do not practice hitting, kicking or punching. Instead we encourage the development of body and spatial awareness, focus, perseverance, mind and body connectivity. Aikido builds self-confidence and resilience.

Above all else, it is a fun way of playing with friends while being physically active.

## Moving in the Mornings

Moving in the mornings is a fantastic way to kick off the day before school. We will enjoy 15 sessions that encourage kids to be active, have fun, and socialize, while improving their skills in basketball, soccer, and big-game play! This routine not only fosters positive habits but also creates a welcoming atmosphere before the school day even begins. We will try to get the kids outside as much as possible. Afterward, we'll transition the kids into their classes or breakfast, ensuring a smooth start to their day!

## High Perception Hoops

St. John's Prep Basketball Coach Dave Clay along with High Perception Hoops Founder and Brooks Girls Basketball Coach Ben Chase are thrilled to announce that we will be running a Boys and Girls Basketball Clinics this summer. As former teammates at NHS, Coach Clay and Coach Chase relied on the outdoor courts throughout Newburyport to sharpen their skills.

They are now looking to raise money through basketball clinics to help improve the outdoor basketball courts for current and future basketball players in our community.

The basketball clinic will focus on players developing the fundamentals of the game through skill work, small sided games and 5v5 play. Along with learning the skills necessary to play basketball, all coaches will educate campers on the importance of being great teammates, communicating on/off the court with peers, competing at a high level and sportsmanship. It will be a fun learning environment that will challenge your son/daughter skills to help them raise the level of their game to become a complete basketball player. Players will leave camp with an understanding of how to put themselves through a workout along with an array of drills that they can incorporate into their own workouts. This will afford them the opportunity to be in control of their own basketball development.

# CHILDREN'S SPORTS & FITNESS

## Ultimate Frisbee

Let's play Ultimate Frisbee this Spring!

Ultimate Frisbee is an exciting, fun, non-contact team sport that mixes elements of soccer, basketball, and American football into one high energy game. Top level Ultimate players require an unmatched degree of speed, stamina, and agility, yet the simplicity of the rules means it is easy and fun for newcomers to pick up. The sport embraces the philosophy of "Spirit of the Game" which means the sport is self-refereed, emphasizing mutual respect between players.

The Spring session of Ultimate is open to all levels of players introducing both the fundamentals as well as opportunities to compete in games. Most sessions will be in Newburyport but some Sundays will be played in other communities. We will provide transportation to the games outside of Newburyport.

Each Participant will receive a free Disc

## Wrestling

### Wrestling Intro For boys and girls in grades 4-8

Curious about wrestling? This week-long program is the perfect way to find out if it's the right sport for you. Participants will learn the rules, scoring, and fundamentals of wrestling — including basic positions, techniques, and live wrestling — all in a safe, fun, and supportive environment. We'll mix in games (mostly wrestling-related, of course) to keep the energy up throughout the week.

By Friday, your child will know whether they want to join a club next winter — and if they do, they'll be several steps ahead of other first-year wrestlers.

### Wrestling Advanced

For boys and girls in grades 4-8 who have completed the Intro Camp or wrestled at least one organized season

Ready to take your wrestling to the next level? This week-long program digs into the techniques and strategies we don't have time to cover during the regular season. Wrestlers will work on advanced tie-ups, throws, leg riding, new pinning combinations, and more — building on the fundamentals they already know to develop a deeper, more versatile game.

This program is designed for wrestlers who are comfortable with the basics and want to sharpen their skills heading into next season. By the end of the week, they'll have new tools in their arsenal and the confidence to use them on the mat.

## Multi Day

### Surf Week

Surfs up brah! We're headed to Summer Sessions at Rye Beach! This five day surf camp is perfect for any beginner who is looking to jump into the sport or for the intermediate looking to hone their skills. The classes are taught by professional instructors working hands on with participants in the water.

### Sailing and Water Sports

Working with UNH Sailing these week is designed for students with little or no experience on the water or in sailboats, and those without prior organized instruction. These classes teach the fundamentals:

- Rigging, de-rigging, and caring for boats and equipment
- Capsizing recovery
- Understanding wind and basic manoeuvres (tacking and jibing)
- Points of sail and basic "rules of the road". We'll have access to kayaks, paddleboards, and canoes as well.

### Summer of Service

Join us for a week of meaningful impact at our 'Summer of Service' program! Teens will have the opportunity to engage in hands-on community service projects across diverse locations, fostering teamwork and empathy while earning valuable volunteer hours. This experience is designed to empower teens, creating a lasting sense of responsibility and a deep connection to their communities.
